

# Edmonton Bulletin.

VOL XVI No. 25.

EDMONTON, ALBERTA, THURSDAY JANUARY 25TH, 1894.

SEMI-WEEKLY, 4 PAGES.

## TELEGRAPHIC.

WINNIPEG, January 25.

Balfour in the British commons predicts an early European war.

The United States congress has placed sugar and iron on the free list.

Dr. Talmage has resigned from the Tabernacle and will leave Brooklyn.

The mounted police will be withdrawn from the southern boundary of Manitoba.

Winnipeg and Manitoba rinks carried off all the big prizes at the St. Paul bospital.

Hon. Jos. Martin believes that the Northwest will go strong for tariff reform at next election.

The report that the Dominion cabinet had decided not to dissolve the Northwest school ordinance is denied.

Emperor William and Bismarck have become reconciled. The former visits the latter to-morrow on the occasion of his birthday.

## LOCAL.

David Collins, late of Vancouver has started a harness shop in South Edmonton.

Fortress which was so prevalent a month ago seems to have let go its grip—so to speak.

Members of the Edmonton Agricultural Society in the council chamber on Saturday at 2 p. m.

The plate glass for the windows of the Taylor shop arrived on Monday and are now in position.

Two fire tanks at the fire hall and Imperial bank are nearly full, but most of the rest have leaked badly.

Miss Lindsay has been engaged as teacher at the Fraser avenue primary school and commenced her duties on Monday.

The Electric Light Company will hold an important general meeting in the council chamber on Tuesday, January 30th at 8 p. m.

The cold snap let go on Tuesday evening. Although the thermometer did not fall very low the cold was felt more severely than usual.

Geo. Hutton has purchased from J. Ingman of Calgary the three lots on Jasper avenue, south side, opposite J. A. McDougall's store.

Bismarck Grandin has been compelled to again enter the hospital at Calgary for a course of treatment, previous to his departure for France.

The lost seal skin cap advertised for in last Thursday's issue of the BULLETIN was returned to the owner on Monday evening. The moral is self evident.

Geo. Hutton recently purchased the lot on Queen's avenue owned by J. Knowles and occupied by a carpenter shop. The sale was made through Cowie & Round.

J. C. C. BREMER has purchased the lot adjoining Carpenter & Vaudin's tobaccoconist store, at present occupied by the Carriage Co. building, from Ross Bros. for \$1,200.

Jos. CHENIER late of Chenier & Co. Cammore, has entered into partnership with J. H. Gariepy general merchant, Edmonton. The firm will now be Gariepy & Chenier.

J. C. C. BREMER recently purchased a river lot of 327 acres in Fort Saskatchewan settlement. This lot was advertised in Cowie & Round's real estate list in the BULLETIN.

DOUGLAS PETRIE recently received a letter from a relative in Dundee, Scotland, his former home, giving an account of a lecture illustrated by lime light views given in Dundee by Andrew Osler, special correspondent of the Dundee Courier, who visited Edmonton last fall. The Edmonton district was not illustrated by lime light but received the most favorable attention of the lecturer in his remarks.

TENDERS for timber berth 645 will be received by the department of interior at Ottawa until noon on Monday, February 19th, 1894. The berth includes sections 19, 20, 28, 32 and 33, township 50, range 4 west of the 5th meridian, being 5 square miles in extent. It is on the north side of the river and about twelve miles above the mouth of the White Mud. Tenders must be accompanied by a cheque for the amount of the bid.

The issue of the Delinquent for March is the great "Spring Announcement Number," and in its artistic display of new styles and general attractiveness it is superior to any former number of this popular magazine. The March number is one of the best of the year with which to begin a subscription, which costs one dollar; single copies, 15 cts. Address orders to The Delinquent publishing company of Toronto, (Ld.) 33 Richmond Street west, Toronto, Ontario.

Jos. Martin, M. P. for Winnipeg addressed a meeting at Moose Jaw on January 10th on tariff reform. The meetings addressed by Mr. Martin at Moose Jaw, Regina, Qu'Appelle and Moose Jaw were all largely attended. In proof of the growth of the interest in this subject in the Northwest it may be mentioned that a couple of years ago when Senator Boulton addressed meetings on the same subject in the same places he could scarcely get an audience.

The Edmonton Milling Company (Ltd.) have proved beyond a question that wheat grown in this district will make flour equal to any made from wheat grown east, their strong bakers being equal if not superior to any brought into Edmonton. This is the verdict of all those who have used their flour made from last season's wheat. Some who have not used this flour may question whether this is really a fact or not. To such we would say the "proof of the pudding is in the eating." Try it.

TENDERS for timber berth 645 will be received by the department of interior at Ottawa, up to February 19th, 1894. The berth includes the west half of section 28, sections 30, 31, 32, west half of 33, township 51, range 27 and the west half of section 4, east half and northwest quarter of section 6, township 52, range 27; sections 25 and 26, township 51, range 28, all west of 4th meridian, being 6 1/2 square miles. This berth is on the south side of Stony Plain about the head of Dog Creek. Tenders must be accompanied by a cheque for the amount of the bid.

FANCY DRESS 'carnival in the Edmonton skating rink on January 31st.

R. SECURE bought a \$75 lot of fur from R. Logan of Beaver lake on Tuesday.

E. HAY, inspector of branches of the Imperial bank arrived on Monday's train and leaves to-morrow.

R. LOGAN of the Beaver lake stock ranch was in town on Tuesday. Matters are running smoothly at the lake.

Mr. Cox of the land commissioner's office Winnipeg, who accompanied the last party of British farmer delegates to Edmonton last fall, has been appointed inspector of land agencies.

RABBITS are commencing to die off. They have been increasing rapidly for the past two or three years, and the country is now alive with them. The disease which kills them off affects the neck, and once it starts does not take long to make rabbits scarce. It recurs regularly about every seven years.

OWING to the enterprise of F. Marriaggi of the Alberta Hotel the particulars and result of the Corbett-Mitchell fight at Jacksonville, Florida, were received at Edmonton shortly after 2 p. m. to-day. Considering that the fight started at 2:22 p. m. this is a quick work. Corbett had it all his own way from the start and knocked Mitchell out in the third round. Both men were in prime condition.

Two police constables of the Edmonton detachment were sent up the river on Wednesday to investigate the case of the missing Don Moore. They found the shanty at the Big Island still deserted, but the missing man was comfortably quartered at a farm house near Rabbit hill, three or four miles from the Big Island, on the south side of the river. It appears that he had left the shanty in November, and had only been back once afterwards to take away a few of his belongings. The police are entitled to all credit for their promptitude in looking up the case, which happily has turned out to be funny rather than serious; but which had a very serious appearance, fully warranting the action taken.

Tuesday permit system has been notified. The circular to land agents giving notice of the fact is dated Ottawa, January 10th, and reads as follows: "I am directed to inform you that it has been decided to abolish the regulation governing the cutting of hay on Dominion lands under permit, and to instruct you to notify all persons applying to you for permits to that effect. Permits, however, to cut hay on school land may be issued as formerly. It might also be well to inform applicants for permits to cut hay that leases of 20 acres of hay lands in the vicinity of their homesteads may be obtained upon payment of a rental of 25 cents an acre per annum. The term of the lease to be five years.

The anniversary services of the dedication of St. Paul's Presbyterian church, Agricola post office, Beaver hills, was held on Sunday evening last. Although the weather was very severe there was a fair attendance to hear the sermon preached by Rev. D. G. McQueen of Edmonton. In connection with the anniversary a concert was held on Monday night, at which the church was well filled. Rev. D. G. McQueen was chairman. The following is the programme: Opening piece, 100th Psalm. Chairman's address. Organ solo, A. McCauley. Song, Mr. Blair. Reading, Miss Hambley. Song, Mr. Graham. Reading, H. S. Ferguson. Song, Mr. Braine. Song, P. C. Hamilton. Refreshment provided by the ladies of the congregation. Organ solo, A. McCauley. Recitation, H. S. Ferguson. Song, James Adamson. Song, Mr. Lank. Song, Mr. Blair. Song, Mr. Braine. God Save the Queen.

EDMONTON BULLETIN, JANUARY 25th, 1894.

## NORMAL SCHOOL QUESTION.

The letter from J. J. Morgan, B. A., of Regina on the above subject which appears in another column is evidently written as much with a view of advertising the writer as of taking part in an intelligent discussion of the question at issue. But as the subject is highly important some attention to Mr. Morgan's letter may not be out of place, particularly for the side light which it throws. Mr. Morgan directly challenges the statement of the BULLETIN that schools were closed as a result of the regulation complained of, or that its enforcement would close a large proportion of the schools of the Territories. In reply the BULLETIN begs to say that it has not the advantage of the ready access to the education department at Regina for information which Mr. Morgan appears to have, and therefore cannot be expected to give the exact number of schools closed or likely to be closed throughout the Territories by this regulation. But without making enquiries there has been brought to its attention the fact that the school of Horse Hills district was closed because the teacher was declared disqualified, and one of the departments of the Edmonton public school was kept open only because the trustees preferred to ignore the regulation rather than close the school. That these were typical, not solitary, cases Mr. Morgan can satisfy himself by enquiry of the educational department, who will no doubt oblige him with this information as with the other to which he alludes. Further, if the effect of the regulation which prohibited certain teachers from teaching after a certain date had not the effect of closing the schools in which they taught at least until other teachers could be procured, what effect had it? It either had that effect or it was not given effect. If the thirteen teachers now out of employment at and about Regina were sufficient to supply all the vacancies in the hundreds of schools of the territories that would be created by the enforcement of this regulation, the necessity of incurring so great a hardship in so few cases did not exist; unless it were with a view of providing situations for the said noble thirteen. And really in view of Mr. Morgan's explanations the matter does take on something of that complexion. During the normal session it appears "we" sent out cards to all schools asking if they needed teachers. Evidently "we" expected that they would, and were rather surprised and disappointed when they did not appear to realize their need of the particular individuals included in the expression "we." It was evidently assumed that if certain teachers were declared disqualified and certain others declared qualified the latter were certain of employment. "We" evidently overlooked the fact that a further exercise of departmental authority will be necessary before a departmental certificate will ensure the holder employment. As yet trustees, representing parents and pupils, have something to say as to who they will or will not employ. No doubt this is a very objectionable state of affairs from the point of view held by "we," but until it is charged trustees must be allowed to say whether they will employ a teacher whom they do not want, or to whose terms they cannot agree, or allow the school to close until they can secure the services of such a teacher as they may wish on such terms as they may think fair. It will strike most people as peculiar that there should be thirteen qualified teachers in and around Regina at the present time seeking employment and unable to find it. It recalls the saying, "Where the carcass is, there will the eagles be gathered together." Evidently the eagles gathered at Regina expecting a corpse—but it wasn't just ready.

Mr. Morgan objects to the comparison drawn by the BULLETIN between

the normal school at Regina and that at Toronto. What he means by what he says is not altogether clear. Either the school at Regina is equal to that at Toronto, or it is not. If it is not the contention of the BULLETIN that it is not good enough to warrant making attendance at it compulsory is upheld. If Mr. Morgan means to say that the school at Regina is the equal of that in Toronto, the assertion is strong enough to stand alone, and the BULLETIN will not comment on it.

Mr. Morgan sees great difficulty in holding sessions of the present normal school in all important centres in the Territories. He does not notice the difficulty of teachers attending the sessions at Regina. It seems that a travelling normal school in Manitoba was unsatisfactory, and that "now the school is held in the larger places, as Winnipeg, Brandon, Portage la Prairie, etc." Seeing that Portage la Prairie is only 60 miles from Winnipeg and Brandon less than 100 miles from the Portage, it would seem that even yet the sessions are held with reasonable regard to the expense entailed upon the teachers attending. Quite different from the plan in the Territories where teachers must travel nearly 700 miles from Edmonton to Regina, not necessarily for the purpose of actually qualifying, but merely for the purpose of showing to the satisfaction of the department that they are qualified, and receiving certificates accordingly. The question as to how many places such as Winnipeg, Brandon or Portage la Prairie we have in the Territories is hardly to the point. If normal sessions are held at other points in Manitoba, as Mr. Morgan's "etc," gives to be understood, certainly there are a number of places in the Territories where the conditions are equal to those found in any place or places in Manitoba outside the three mentioned. If Regina is a good enough place in which to hold a normal school for the Territories any other that approaches measurably to the conditions found there, and where the need of a normal school exists, is as much entitled to such a school as Regina is, and should be accommodated with one in its turn; which apparently is the principle adopted in Manitoba, where the necessity, by reason of the shorter distances, is not nearly as great as in the Territories.

News of Edmonton and surroundings up to hour of issue

News of the world by telegraph up to day of issue and from two to five days ahead of any other paper reaching Edmonton.

Controlled only by the proprietor and therefore always ready and willing to speak out for the good of the town and district.

THE BULLETIN is read more generally throughout the Edmonton district than any other paper.

If you want to do business in the Edmonton district you can reach more of the people with a less expenditure of money through the advertising columns of the BULLETIN than by any other means.

Fair advertising rates charged, and like rates to all parties.

No advertising of a questionable nature admitted if its character is known.

THE BULLETIN Printing office is second to none in the Territories. Only first-class type, machinery and paper employed. Printing of all kinds done promptly, neatly and cheaply. Call and see samples of work, and get prices before ordering your printing elsewhere.

A newspaper is not a producing industry, but if properly conducted it assists and stimulates production and progress more than any other single agency of like cost. Money spent towards the support of a newspaper is almost entirely spent within the town in which the paper is published and is therefore not lost to the business of the town.

The local newspaper represents the district in which it is published to the outside world.

Support your home paper liberally if it deserves support, so that it can give the best possible impression of your town and district as a field for immigration and investment.

There is big money for a new town in having a live and interesting paper.

## A REGINA VIEW.

Editor REGINA:

See: In the educational column of the Regina Leader of January 18th, there is a long extract from your paper, which has greatly interested me.

In speaking of the expense entailed on teachers by attending Regina normal school, it says, "A number of schools have been closed," and also in speaking of the compulsory attendance at the normal it says that this "means the closing of a very large proportion of the schools of the Territories." It cannot be for want of teachers that those schools are closed, as there are at present thirteen fully qualified teachers, holding first and second class certificates, here in Regina besides others in Mooseomin and Moose Jaw who have been unable to obtain situations at any salary. Enquiry at the educational office shows no schools in want of teachers. During last normal session we sent out cards to all schools asking if they needed teachers, etc., and up to January 1st, only three replies were received; since then fourteen replies have been received from summer schools. In view of these facts it will hardly do to say that schools are being closed for want of teachers. If you Mr. Editor know of any such school please let us hear from you and the school will soon have a teacher.

In the same extract I find the following: "When the probable value of the training to be imparted at the supposed school is considered, it is an outrage on common sense to make attendance at such a school compulsory. If the normal school at Regina were of the standing of say that of Toronto there might be some excuse for compelling attendance at it." As one who attended the normal here I feel like rebelling against any such insinuations regarding its value. I have attended the normal in Ontario and also taken the training at the school of pedagogy in Toronto and I know whereof I speak when I say there are no grounds for implying that the training received in Regina is of an inferior grade. In Toronto they have a normal for seconds and a school of pedagogy for firsts, and they have accepted the training given in Regina as equivalent to the training given in the school of pedagogy. This, coming from the most conservative province in educational matters, is answer enough to the above quotation.

In regard to the idea of "bringing the normal to the teachers instead of the teachers being compelled to go to it" I may say (if my opinion is worth anything) that the lectures might be given anywhere, but the practice in teaching—which bears the same relation to the normal as the medical college—is the real difficulty. The inspector of model schools and the director of normal schools for Ontario declare—and experience bears out their statements—that eight practice rooms are needed for doing efficient work without injuring the progress of the pupils practised upon; and certainly not less than five rooms. I was in Manitoba long enough to learn that the experiment of a travelling normal school was tried there and proved unsatisfactory from this very reason; and now the school is held in the larger places as Winnipeg, Brandon, Portage la Prairie &c. How many such places have we in the Territories?

Hoping you will find space for this in your paper.

I remain—teacher without a school.

J. J. MORGAN, (B. A.)

Regina, January 19th, 1894.

## FORT SASKATCHEWAN, ALBERTA.

The annual meeting of the Fort Saskatchewan agricultural society took place on Friday 19th instant. Members from the Sturgeon river, Beaver hills, Clover Bar and immediate vicinity were present, making a representative gathering. All of last years officers were re-elected namely: James Pate president; Wm. Walker, vice-president; Amable Lamoureux, 2nd vice-president; directors, H. Lambert, T. Lamoureux, Jas. Reed, L. Moret, Alex. Adamsen, Albert Peebles, Philip Malt, Jas. Atkinson, W. Carscaden, Geo. Long, Chas. Carson, Robt. Calvert, Jas. Graham, Gus Doze, L. Adamsen, Mr. Byng, F. Fraser Tims, secretary; J. F. Forbes, auditor.

It was arranged that a spring show for stallions and bulls only be held, date to be settled at a future meeting, and also that the annual exhibition would be on 9th October next, and that horse and foot races would take place on that day, in conjunction, so as to make the show as attractive as possible.

It was unanimously carried that the president communicate with the minister of the interior, and the minister of agriculture, with reference to the exorbitant passenger and freight rates into and out of the Edmonton district, which, with want of direct railway

communication from east to west, was retarding the growth and welfare of the whole of Northern Alberta, more than anything else possible.

This closed the business part of the meeting, and then some conversation took place with reference to the building of a roller process mill, by forming a joint stock company, in place of offering a bonus from the district.

There were some very good addresses made during the business portion of the meeting, by the president, vice-president, Messrs. Jas. Lamoureux, Mont gomery, Byng and other members.

The motion re freight and passenger rates and want of railway communication was received with enthusiasm, as every settler has been waiting for months, expecting that the Canadian Pacific railway would have responded to the representations made it months ago, but all the satisfaction so far, is the old chestnut: "The matter is receiving the company's best attention," or words to that effect. With reference to railway communication, how any sane body of men could legislate, as the Dominion government did, so as to give any one corporation the whole of the good railway lands, set aside for the total construction of railways, as has been done in Northern Alberta, we would like to have explained by the Toronto Mail, Empire and Globe and also the press of Montreal and Ottawa. The position stands thus: Since 1839 the Canadian Pacific railway have controlled all railway lands in Northern Alberta. They have not built a single mile of construction. For all time to come (unless a change is made) no other railway can get into this country without laying the right of way from the syndicate. Owing to want of railway construction hundreds of settlers have been lost to the district. No other province in the Dominion has had such wild cat legislation made of its railway lands. There would have been a straight rebellion if so. It is perfect folly for the Dominion government to make out that they are doing their best to get an increase in the population of the west, when we have the above piece of legislation rubbed into us every day through the only branch railway (which is leased by C. P. railway) the Edmonton district has, by paying 5c a mile passenger tariff and 24c per 100 lbs in car lots on grain 192 miles and 50c per 100 lbs in car lots on grain 820 miles. Nova Scotia, Prince Edward Island, New Brunswick, Quebec, Ontario, Manitoba, Saskatchewan, Assiniboia and British Columbia, would of course—ahem—remain quiet and happy, under similar circumstances. We ask for a change.

22nd January, 1894.

## In The Supreme Court of the Northwest Territories Northern Alberta Judicial District.

IN THE MATTER OF THE ESTATE OF FRANCIS G. STEWART, DECEASED.

Upon the application of Charles F. Stewart the administrator of the estate of the said deceased and upon reading the petition, affidavit and other documents filed upon his application for letters of Administration:

I do hereby order that all creditors and persons having claims against the Estate of the said Francis G. Stewart, deceased, late of the Settlement of Clover Bar in the District of Alberta in the Northwest Territories, Farmer, who died on or about the thirty-first day of October 1893, do send in their claims against the estate of the said deceased to the said Charles F. Stewart at Clover Bar, aforesaid, within six weeks after the first publication of this notice in the Edmonton Bulletin;

I do hereby direct that this order shall be published in the said newspaper once in each week for four consecutive weeks.

And notice is hereby given that at the expiration of the time above fixed the said Charles F. Stewart shall be at liberty to distribute the assets of the deceased or any part thereof amongst the parties entitled thereto, having regard to the claims only as to which the said Charles F. Stewart has then notice; and that he shall not be liable for the estate or any part thereof so distributed to any person of whose claim the said Charles F. Stewart shall not have had notice at the time of the distribution of the said estate or any part thereof as aforesaid.

Dated this 16th day of December, A. D. 1893.
